RHEUMATISM

LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this country is authorized to say to every rheumatic sufferer that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvellous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the tortures of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed every druggist to guarantee it in every instance.—Adv.

"TOO MANY FLIES" WAS HIS DEFENSE IN BOARD BILL CASE

(INTERNATIONAL NEWS SERVICE) ALFRED, ME., Oct.—A verdict for the defendant was directed by Associate Justice Hanson, in supreme court here in the suit of Lucius P. Williams, proprietor of the Colonial Inn, Ogunquit, against Frederick A. Sweet, a Worcester, Mass., school principal.

In the summer of 1919 Mr. Sweet stopped for a short time at the inn and suddenly left because as he testified in court, the flies were so thick in the dining room that they drove him out.

Williams sued for board and a ver-

diet of \$128.75 was returned in his favor. Sweet took the case before the law court and a new trial was ordered. Testimony in court showed that a fly can fly 500 feet without stopping to rest.

This Is Your Last Chance to get your O-Cedar Polish Mop at The Old Price

Advance Prices Effective Nov. 1st

BUT a few days remain for you to buy an O-Cedar Mop at the old price.

Increasing manufacturing costs make the raise in price necessary if we are to continue to give you the biggest, most convenient—time, money and labor saving household utility.

The increase is only 25c—but 25c is worth saving.

Originally, (before the war), the price of the O-Cedar Polish Mop was \$1.50.

During the war, we used war materials—short length cotton—mill ends of drill—surplus steel for centers and by making the mop smaller we were able to keep the price down.

Now the sources of supply of most of these items are cut off. We must go back to before-the-war materials and pay today's prices for them. For instance cotton cord cost 14c to 16c per pound before the war. Today it costs us 58c. Handles that cost 4c in 1914 cost 12c today. Our labor costs have advanced 200%. And so on.

We will not make a mop that is not up to the O-Cedar standard. We can't continue the O-Cedar standard at present prices. So the advance of 25c is absolutely necessary for us to continue O-Cedar Mops as the millions of housewives want them.

The 25c advance in price is effective November 1st. Even if you do not need a new O-Cedar Mop just now it will pay you to buy one at your nearest store today.

Almost every woman in America knows the work—the time—and the money the O-Cedar Mop saves. And how much prettier, brighter and cleaner it makes the floors. They know it saves back-breaking stooping and bending. When you use an O-Cedar Mop your floors will be the envy of your neighbors.

Easy and Simple to Clean and Renew

Second only to the wonderful utility of the O-Cedar Mop is its simplicity. No trick to learn to wash, clean or renew it. It can be washed and cleaned without bother and muss to take it apart, and fuss and work to put together. When an O-Cedar Mop needs renewing, simply wash it in boiling water, pour a little O-Cedar Polish in the can and let mop stand in it over night. The next morning it is practically as good as new.

Get an O-Cedar Mop today. Your dealer guarantees it to give perfect satisfaction or will return your money.

Today's Prices: \$1.25, \$1.50, \$1.75
